Review From A Customer

From IT Central Station, the leading review site for enterprise technology solutions.

Review by a Real User

Verified by IT Central Station

Cyber-Ark Consultant at a tech services company with 51-200 employees

it_user245397

WHAT IS MOST VALUABLE?

It provides a graphical view of any vulnerabilities.

HOW HAS IT HELPED MY ORGANIZATION?

I have used it as a consultant.

WHAT NEEDS IMPROVEMENT?

It could be improved with more reporting of false positives and the understanding of file references.

FOR HOW LONG HAVE I USED THE SOLUTION?

I've used it for one year.

WHAT WAS MY EXPERIENCE WITH DEPLOYMENT OF THE SOLUTION?

No issues encountered.

WHAT DO I THINK ABOUT THE STABILITY OF THE SOLUTION?

No issues encountered.

WHAT DO I THINK ABOUT THE SCALABILITY OF THE SOLUTION?

One needs to be sure on the number of LOC that will be run and also the size of the code.

HOW ARE CUSTOMER SERVICE AND TECHNICAL SUPPORT?

Customer Service: 8/10. Technical Support: 8/10.
