Import/export
Stability

Use of Solution:

I've used it for three years.

Deployment Issues:

No issues encountered.

Stability Issues:

There were some issues.

Scalability Issues:

No issues encountered.

Previous Solutions:

No previous solution was used.

Initial Setup:

It was easy.

Implementation Team:

We did it in-house.

ROI:

Project realization has been carried out much faster.

Cost and Licensing Advice:

Use workgroup licenses for smaller environments.

Other Solutions Considered:

No because this is the defacto standard in the automotive industry.

Other Advice:

Plan the training and usage properly.
