VALUABLE FEATURES

Due to our number of distributed retail sites, connectivity is a challenge. Symmetric allows us to minimize impacts of network disruptions with guaranteed delivery upon reestablishment of connectivity.

USE OF SOLUTION

Our company has been using this solution for roughly 7 years

CUSTOMER SERVICE AND TECHNICAL SUPPORT

Customer Service: We have a support contract with Jumpmind. The support resources are readily available and provide expert support to any questions. Technical Support: Jumpmind created and open sourced this solution. All the key players are still actively involved with the technology and provide answers to all our open questions. The consistency we receive from their support is second to none.

INITIAL SETUP

One of the primary benefits of using the software is the simple set-up and the ability to customize our solution due to its highly extensible framework.
