From IT Central Station, the leading review site for enterprise technology solutions.

Review by a Real User

Verified by IT Central Station

WebsiteDevelopment at a tech services company

Souvik Majumdar

WHAT IS OUR PRIMARY USE CASE?

Integration with Jama, Jira, Jenkins pipeline, Selenium, etc. ALM Studio helped us to create and connect with all these tools.

HOW HAS IT HELPED MY ORGANIZATION?

Through this integration, we could increase our development and testing team velocity, were able to manage traceability, and deliver software faster.

WHAT IS MOST VALUABLE?

Easy to . Workflow designer Wide range of adapters/connectors which allow to any tools.

WHAT NEEDS IMPROVEMENT?

Easier and less heavy UI Removal of iFrames HTML5-based, lightweight client app for mobile and desktop

FOR HOW LONG HAVE I USED THE SOLUTION?

One to three years.
