Part Time physician at Agha Khan Hospital at a healthcare company with 51-200 employees

**MICHAEL MBURU**

### **WHAT IS OUR PRIMARY USE CASE?**

We use it in electronic health record storage. We use it to back up all patient records online preventing loss or damage.

### **HOW HAS IT HELPED MY ORGANIZATION?**

It has made it easy for our hospital to keep all patient records safe. It has increased the quality of medical service.

### **WHAT IS MOST VALUABLE?**

It is cloud-based, hence very secure in terms of information storage. It can be accessed from any location at any time.

### **WHAT NEEDS IMPROVEMENT?**

Customer support is too slow to respond to customer complaints. It should be upgraded to increase the quality of service.

### **FOR HOW LONG HAVE I USED THE SOLUTION?**

Less than one year.
