### **WHAT IS OUR PRIMARY USE CASE?**

We primarily use this solution for making tables and working with data.

### **WHAT NEEDS IMPROVEMENT?**

It is not a good product for data visualization. And, its functionality is lacking.

### **FOR HOW LONG HAVE I USED THE SOLUTION?**

One to three years.

### **WHAT DO I THINK ABOUT THE SCALABILITY OF THE SOLUTION?**

The scalability of the product is good.

### **HOW IS CUSTOMER SERVICE AND TECHNICAL SUPPORT?**

We have an in-house tech support, so we do not use the tech support from the solution.

### **WHICH OTHER SOLUTIONS DID I EVALUATE?**

The other options we considered are: Tableau, Qlik Sense, and Splunk.

### **WHAT OTHER ADVICE DO I HAVE?**

The most important criteria for me when selecting a vendor are: Visibility Data Visualization Price
