Bob Karpel

Programming Specialist at a marketing services firm with 10,001+ employees

WHAT IS OUR PRIMARY USE CASE?

From data manipulation to page layout. This is truly a single solution for us. The tools included are more than capable of handling even our most complex versioning.

HOW HAS IT HELPED MY ORGANIZATION?

This solution does everything we need, plus so much more. We are constantly finding new uses for the software.

WHAT IS MOST VALUABLE?

The most valuable feature is the fact that Quadient never sleeps; they are constantly adding new features and expanding the capabilities to keep us moving forward.

WHAT NEEDS IMPROVEMENT?

Documentation could always use some improvement, especially on something this complex and varied. That being said, the documentation has been steadily improving over the past 15 years that I've been using it.

FOR HOW LONG HAVE I USED THE SOLUTION?

More than five years.
