CUSTOMER SERVICE AND TECHNICAL SUPPORT

Customer Service: 5/5. Technical Support: 5/5.

PREVIOUS SOLUTIONS

We previously used Backup exec and when we implemented virtualization, Veeam had a good price point and seemed logical.

INITIAL SETUP

The initial setup was pretty straightforward.

IMPLEMENTATION TEAM

We implemented in-house.

ROI

We have saved a lot on not having to buy additional licenses.

PRICING, SETUP COST AND LICENSING

I believe we initially spent 10k on implementation.

OTHER ADVICE

Veeam is definitely a must for virtualized environments.
