WHAT IS OUR PRIMARY USE CASE?

This is our one system for data and analytics, which is mobile-enabled and has a nice UX.

HOW HAS IT HELPED MY ORGANIZATION?

The solution has allowed leaders to self-serve. We have fewer systems, less manual data entry, and less processing.

WHAT IS MOST VALUABLE?

The most valuable feature is the HCM, where all of the information and processes are in one place.

WHAT NEEDS IMPROVEMENT?

There is a lot of complexity in the configuration of this solution.

FOR HOW LONG HAVE I USED THE SOLUTION?

Three years.
